COUNCIL IS SEEKING \$14,000

Accus Starts Fireworks Demand for Entertainment Money

at \$77.2 Left, Says Commissioner Edwards in Reply

The mysterious disappearance of thousands of dollars from the entertainment fund was the subject of a hearing at the city council today. The fund was established by the city council in 1914 for the purpose of providing for the entertainment of the city's children. The fund was reported to have contained \$14,000 at the time of the hearing. The council members expressed their concern over the disappearance of the money and requested that the city auditor, Commissioner Edwards, provide a detailed report on the fund's activities. Edwards responded by stating that the fund had been used for various entertainment purposes, including the hiring of bands and the provision of refreshments for children. He also mentioned that the fund had been depleted by a large sum of money, which he claimed was used for the same purposes. The council members were not satisfied with Edwards' explanation and requested that he provide further details on the fund's activities. Edwards promised to do so and the hearing was adjourned.

Allies Battle at Second Lines. LONDON, Oct. 1, 12:35 p. m.—The French are bearing the brunt of the fighting now in progress on the western front. They are hammering at the second German line in Champagne, in the direction of the Grand Pre Railway, and at the same time dropping bombs on the line and stations to prevent the Germans from bringing up reinforcements. Absence of news from the British front apparently indicates that these forces are occupied with concerning their positions in the strip of territory recently won. The British forces now in France are estimated at a round million, which will be increased by 500,000. Daily lengthening of the obituary columns of the London newspapers is beginning to measure the price paid by the British for their recent offensive. There is no notable change on the battle front of the east. Bulgaria has not replied to the suggestion of Greece that she demolish.

FILM TRUST SUIT WON BY U. S.

Sweeping Victory for Government Under Sherman Act

Motion Picture Patents' Company Ordered Dissolved

PHILADELPHIA, Oct. 1.—The United States Government won a sweeping victory in one of its important anti-trust cases today, when Judge Oliver B. Dickinson in the United States District Court here handed down his opinion dissolving the alleged moving-picture trust on the ground it was violating the Sherman law regulating interstate and foreign commerce. The decision was rendered against the Motion Picture Patents Company, the General Film Company and many other concerns and individuals manufacturing motion pictures and accessories, involving many millions of dollars.

GOVERNMENT CHARGES. The government charged that the Motion Picture Patents Company and other defendants were engaged in interstate and foreign commerce in motion picture films, cameras, exhibiting machines and other articles and apparatus used in the motion picture art, in violation of the anti-trust law.

VIOLATION OF ANTI-TRUST LAWS. The court in its decision states that all the contracts enumerated in the government's petition and the combination therein described were a conspiracy in restraint of trade, and therefore, illegal, and that they constituted, with the exception of the operations of the National Manufacturing Company, a monopoly in violation of the anti-trust laws. MILLIONS INVESTED. The court sketched the formation of the alleged illegal combination, showing that it was created in 1909 and that the total investments amounted to millions of dollars. The plan was, according to the court, to combine the manufacturers and importers of films into one interest. Lists of exchanges and names of theaters were prepared and no exchange was permitted to have films and no theater allowed to exhibit them without the consent of all the defendants.

FLEE FROM MEXICAN BORDER Maytorena's Children Are Here WILL VISIT ALAMEDA SCHOOL

While their father, Jose Maria Maytorena, governor of Sonora, Mexico, is today being held at Nogales by the United States authorities and guarded by troops, his two children, permitted to leave, arrived in Oakland from Arizona, and are now at the home of Mrs. Marie A. de Maytorena, their aunt. They will attend school in Alameda and remain there until the trouble in their own country has blown over and they can rejoin their father.

THE children are Ernestine, aged 15, and Jose Maria Jr., aged 12. Two other children remained in Nogales with their mother, and these may later come to Alameda, where Mrs. Maytorena, their aunt, has promised to harbor them. Maytorena, the Villa chieftain, who surprised even his adherents by appearing on the American side of the boundary line, where he was placed under arrest, had with him his legal adviser, Albert J. Morelos, and many Carranza troops, who killed 100 of the Mexican state, who was the only man legally elected governor of his state in 20 years, may never return to Mexico. Affairs in Nogales, Sonora, however, the border, are in the hands of Carlos Randall, state treasurer of Sonora. Urbaleo, a Yaqui chief, is said to be acting as commander of

the Villa forces, holding the border port, which has been invested by a Carranza army under General P. Elias Calles. Maytorena's act in crossing the border holds him safe from the Carranzistas, although his position is still deemed precarious. That he realizes this is believed the principal reason for his sending the two oldest children to Alameda.

WILL BE RELEASED. By Associated Press. WASHINGTON, Oct. 1.—Governor Maytorena, chief of the Villa forces in Sonora, will be released from custody of United States soldiers at Nogales, Ariz., according to a decision reached by the war department officials today after a conference with Acting Secretary Polk of the state department. The state department has no objection to the admission of Maytorena to the United States.

CAPT. VON PAPEN'S RECALL IMMINENT. By Associated Press. WASHINGTON, Oct. 1.—Unless Captain von Papen, the German military attaché, is voluntarily withdrawn by his government, indications today were that within a short time the United States would request his recall.

It became known today that the documents disclose a transgression of diplomatic proprieties on Von Papen's part such as caused the recall of the Austrian ambassador. SPEEDING TO ST. LOUIS. By Associated Press. DENVER, Oct. 1.—Captain von Papen, the German military attaché, is speeding to St. Louis today on a Chicago, Burlington and Quincy railroad train, according to announcement of the German consulate. Von Papen left Denver last night.

RIGGS BANK OFFICIALS ARE INDICTED. By Associated Press. WASHINGTON, Oct. 1.—Charles C. Glover, president of the Riggs National Bank, and William J. Plath, vice-president, and H. H. Plath, cashier, were indicted today for perjury in connection with the bank's recent suit against Secretary McAdoo and Comptroller Williams.

Four indictments were returned against each of the bank officials, who are charged with perjury in making an affidavit which set forth that the bank never had engaged in stock market transactions and had no transactions with Lewis, Johnson & Co., a defunct firm of local stockbrokers.

Resented 'Scamp' Garb of Ship's Captain. SAN FRANCISCO, Oct. 1.—In order to prevent Miss Vera Richardson, daughter of United States consul at Sydney, from being checked by the actions of his superior officer, and because he resented the scanty attire in which that official appeared before the young woman, S. P. Hare, second mate of the schooner Sehome, struck Captain John Pettel, who was the testimony before United States Commissioner Krull today when Ware appeared to answer to a mutiny charge.

Neglected Wife for Another, She Charges. Guy L. Winchell did not have enough money to support two women, so he neglected his wife, according to a divorce complaint filed in the Superior Court here by Margaret Winchell, who seeks a legal separation or the allegation of extreme cruelty. She declares that when she asked her spouse for a few dollars with which to pay household expenses he told her that it was all he could do to support the woman he loved, and was therefore compelled to refuse his wife's request.

Figure at Exposition Arrested With Woman by Government

Said to Have Used Mails to Defraud Many Persons

NEWTO NEWTO NEWTO. The creed of Dr. Newto Newto, to which he says in printed literature a number of crowned heads have subscribed and which he is charged with having been in many ways, in part reads as follows: "Newto awakens newto. Newto creates newto. Newto is the foundation of the newto. And love reveals God."

SAN FRANCISCO, Oct. 1.—A quest of using the mails to defraud and claiming to be among his adherents the Casaria of Russian Princess George of Greece, the Countess of Warwick and Madam Sarah Bernhardt, Dr. Newto Newto, who has elevated himself to the throne of an archbishop, and who is the founder of the "Newto" church, was arrested this morning and is held in the United States marshal, while friends are scurrying to obtain \$1000 bonds.

WOMAN INFORMS ATTORNEY. United States Attorney John W. Preston was informed of Dr. Newto's activities by the indignant complainant yesterday afternoon and orders were issued for the arrest of the accused. He could not be found last night and it was not until this morning that Deputy Marshals Bohn and Jensen took him into custody. He was together with the complainant, the appeared before United States Commissioner Krull. When bonds had been fixed, a continuance was had until next Monday afternoon.

Dr. Newto has retained Attorneys Catlin & Catlin to represent him and on their advice he refused to make an extensive statement. "I am a single man," he admitted, however. "This is a 'set-up' against me."

He would probably have said more, but his attorney cautioned silence. Mrs. Maria Graham, the woman in whose company the apostle was found, was questioned by Commissioner Krull and stated that she had married Benjamin Graham three years ago in London, but had separated from him. She admitted, however, that he had called on her two months ago in her apartment, 2545 Baker street, where the arrest of Dr. Newto was made. Mrs. Graham has been instructed to appear as a witness and has been released on condition that she remain within the jurisdiction of the court. She claims to be corresponding secretary of the "Newto" church.

HITS AT HIS RELIGION. The charges preferred by Dr. Claire to the "Newto" church, a "Newto" movement as fathered by Dr. Newto, have been met by a "Newto" hit. He has adopted a creed which Dr. Claire avers he has not lived up to, and while championing "Newto" in the "Newto" church, he has been instructed to appear as a witness and has been released on condition that she remain within the jurisdiction of the court. She claims to be corresponding secretary of the "Newto" church.

Spalding Estate May Total \$2,000,000. LOS ANGELES, Oct. 1.—John W. Carrigan, estate attorney, announced today that he had completed a survey of the estate left by the late A. G. French Government Arrives at Decision Regarding Mode of Averting Blow.

PARIS, Oct. 1.—The Temps says that the French government has arrived at a certain decision as to what should be done to avert an attack on Serbia by Bulgaria. The indications are that Russia will assist in this plan, that Italy will not oppose it, and that England probably will give her adherence.

The nature of the plan is not disclosed, but the Temps states that the situation in the Balkans requires that the prospective Bulgarian attack on Serbia shall be prevented by a demand on Bulgaria for immediate demobilization. This newspaper asserts it has reason to believe that the reports from Saloniki that

Resolutions of censure were adopted referring to three of the charges against Hannaty. Delegates tonight were at a loss to know whether the motion carries with it removal from office.

Hannaty explained that his agreement was to settle for the full amount of the claims for the rate of ten percent per month until paid in full. He asserts, however, that his stenographer omitted the words "per month" in the letter.

## 2 ATTEMPTS MADE TO MURDER MAYOR

By Associated Press.  
PANA, Ill., Oct. 1.—Two attempts to assassinate Charles Brasch, mayor of Pana, a mining town northwest of Pana, have been made within the last twenty-four hours.

Wednesday night while Brasch was returning home four men attacked him with clubs. The mayor escaped after being beaten severely. Yesterday the mayor's wife found two large sticks of dynamite just outside their home. Defective fuses had prevented an explosion.

Several days ago Mayor Brasch revoked the license of a saloon.

## MANY FEATURES FOR BIG BAZAAR

Baby Hospital Benefit to See Attractions From Fair and Others.

There probably never was a charity bazaar and ball put on in Oakland to equal in point of interesting features and possibilities for entertainment like the one scheduled to be given in the Municipal Auditorium Friday, October 15, and Saturday, October 16, for the benefit of the Oakland Baby Hospital, if the attractions promised to the ladies are furnished by the promises. Every moment of time in the big building will be taken up with some novelty.

Little Elizabeth, the living doll, as she is known, will come over from the Exposition Friday morning and be present at the bazaar until 3 or 4 o'clock and on Saturday she will tender the school children an hour's reception. The details of her program are just being mapped out. One feature will be the presentation by the little living doll of a great big doll that talks and is a facsimile of herself, except that it is larger than herself.

## Wireless Telephone to Japan, Is Latest

By Associated Press.  
NEW YORK, Oct. 1.—Wireless telephone conversation between New York and Yokohama, Japan, now is possible, in the opinion of Bancroft Cierardi, engineer of the local plant of the American Telephone & Telegraph Company, who added that he believed it possible to speak around the world by this method.

Mr. Cierardi said this means that the leading capitals of Europe, and probably Rio de Janeiro in South America, will be brought within talking distance of New York.

"This would be accomplished," he said, "by a series of wire and wireless connections, wire wherever possible and wireless across the gaps. In spite of the rapidity of the transmission of electrical waves, the delay for such a distance would be appreciable, so that the speaker's voice would return to him lagging, like an echo. We have made tests of this phenomenon."

MARYSVILLE, Oct. 1.—The record of time for the trial of a criminal case was undoubtedly established in the superior court in the case against James Toland for burglarizing a house in Wheeland on July 13, last. A jury was selected, evidence submitted, arguments made, instructions read by the court and a verdict returned, all in less than two hours. The trial of the case did not begin until after 10 o'clock and before noon the jury, after deliberating about fifteen minutes, reported Toland guilty of burglary in the second degree. He will be sentenced to-day by Judge E. P. McDaniel.

# Rainier Brewing Company

IN SAN FRANCISCO

This new brewery, herein pictured, is located on Bryant Street, between 15th and Alameda Streets, San Francisco, and is the largest brewery west of St. Louis (excepting only the Rainier Brewery in Seattle), and it is, without exception, the most modern brewery in the world.

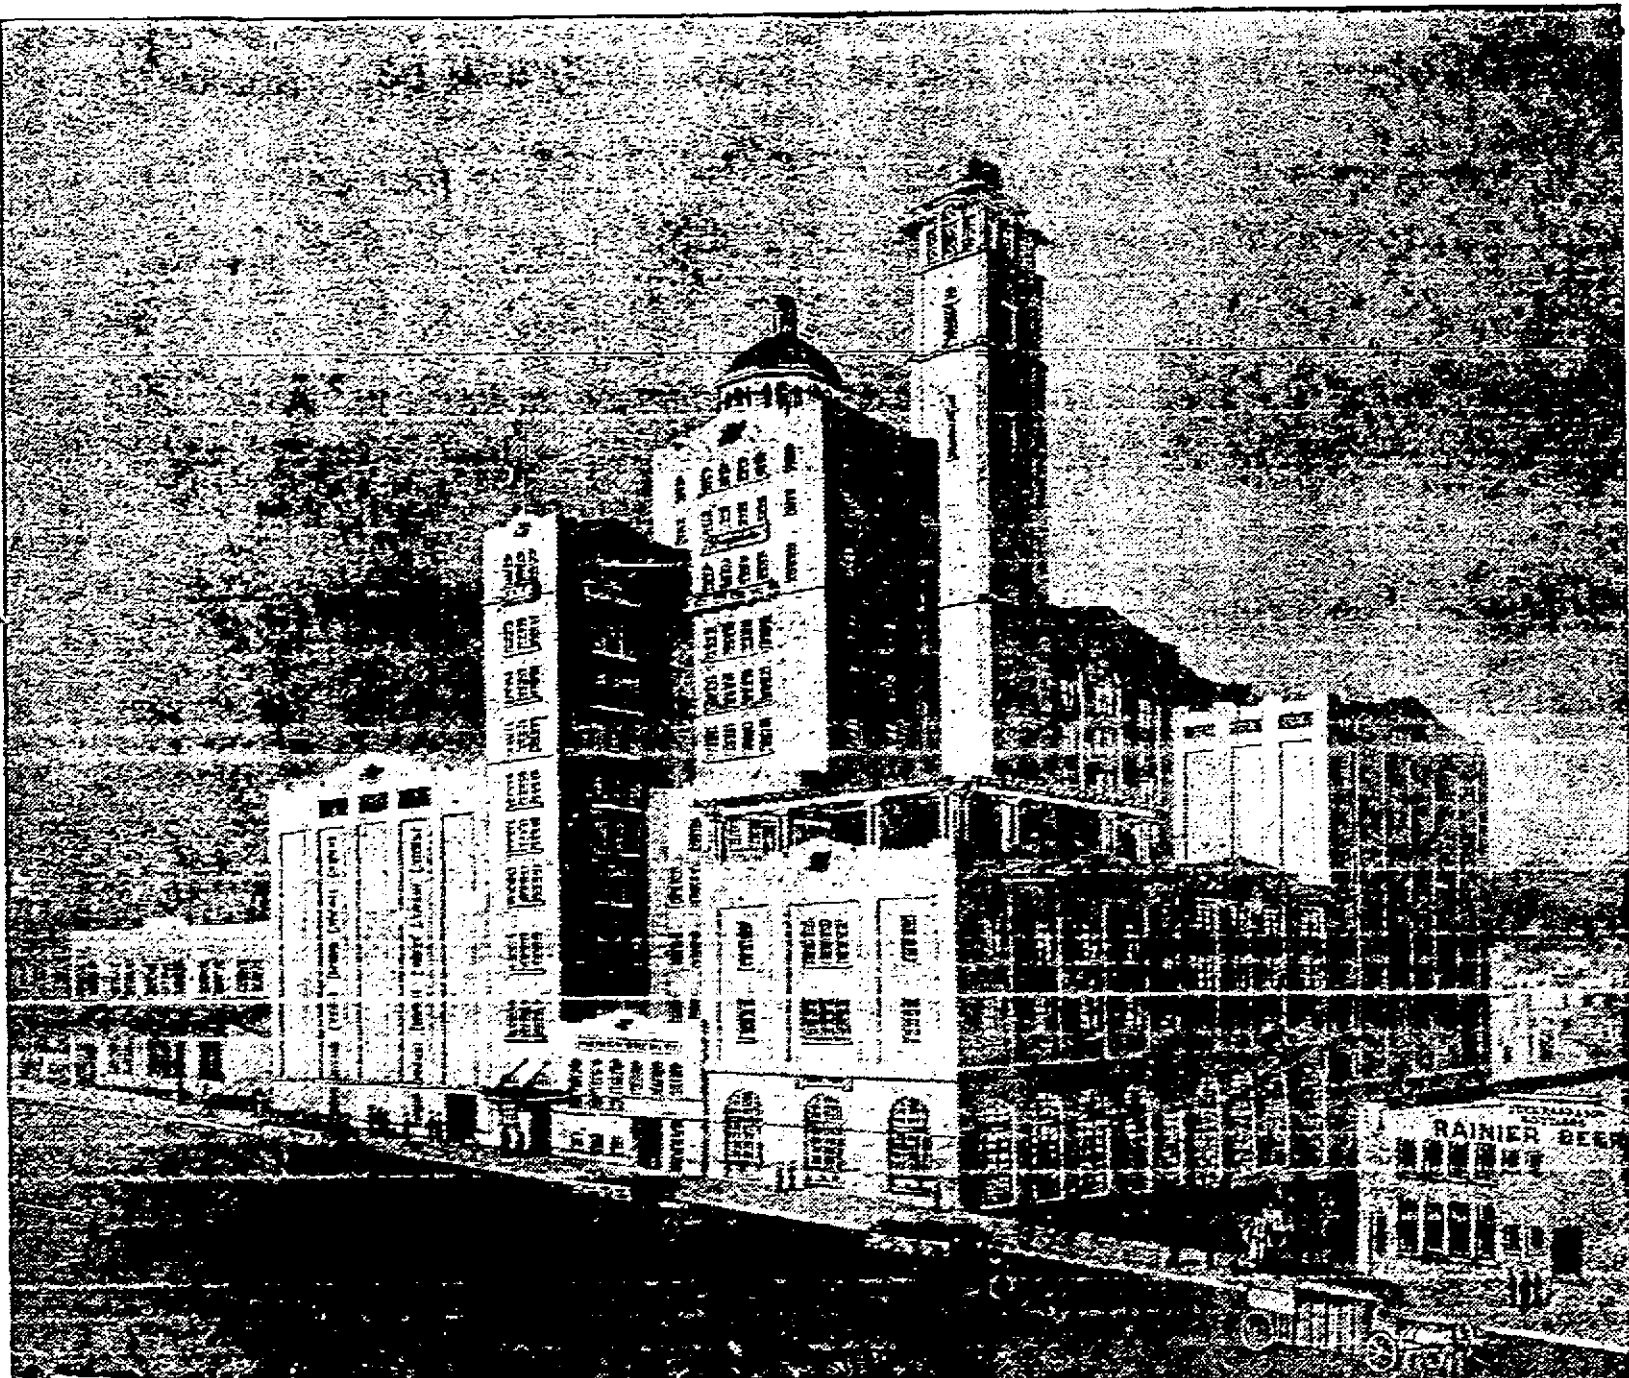

The same policy, which has been responsible for RAINIER BEER QUALITY, has been carried out in the construction of its new home. Nothing has been spared in the building of this plant, and every device, mechanism, method and detail that might improve that already superior quality, have been taken advantage of. Convince yourself by visiting us the first time that you are in the neighborhood.

The RAINIER BEER, now being brewed in San Francisco, will be ready for the market early in the spring of next year.

# ALLEGED ART SWINDLER GUARDED

Detectives Take Lee Kee Sen Across the Bay for Investigation.

BERKELEY, Oct. 1.—Under guard of detectives, Lee Kee Sen was taken to San Francisco this morning pending further investigation of the mysterious manner in which he sold ancient Chinese paintings, brought to the exposition and valued at \$52,000, to Charles Freer, Detroit capitalist, for \$2500. What sort of a warrant will be issued against him and when, the detectives employed by Lu Sun Fu and Wong Fu of 1941 Bancroft way, who claim to be the real proprietors of the paintings, have not decided.

A telegram has been received from Freer, who is on a vacation trip in the Adirondack mountains, in which he admits he bought the paintings. His wife is brief, and apparently from it he has no suspicion that all has not been regular in the deal. He declares he bought the paintings from Lee on September 13. As this is the same date on which Lee wrote from Detroit that he had sold Freer the pictures, the detectives have had to abandon one belief, that the letter was merely a bluff. Upon the arrival of this letter, Lu Sun Fu put the detectives to work on the case, more emphatically because Lee stated therein that he would not return to the coast. He did return, however, and his arrest at 1834 Post street followed. No charge is yet against him and he is held in detention merely.

## OF MING DYNASTY.

The paintings over which the controversy has arisen were painted during the Ming dynasty in China, and taken mounted on rolls, similar to Japanese kakemonos with which students of Oriental art are familiar. They were chiefly pictures brought for exhibit, but never mounted in the exposition galleries.

Lu Sun Fu, who is an assistant commissioner to the exposition, and Wong Fu, who holds a similar position and claims also to have been bilked by Lee, went to San Francisco this morning to take steps in the matter. Lu tells the following:

"I brought these pictures here for exhibition at the exposition at the opening thereof. Close to 200 of the pictures were hung in the Oriental galleries and the rest placed in storage. I met Lee on the steamer coming across the ocean, and as he had an apparently intimate knowledge of Chinese art, we became intimate and had numerous pleasant discussions. He told me that I would be able to find a country to dispose of the pictures that were 'not hung' after the exposition had opened.

"Acting as an agent, Lee went to Detroit several months ago to dispose of the pictures, and they were shipped to him there. On September 13, he wrote that he had sold the \$52,000 worth of pictures to Charles Freer of that city, but he also intimated that he had not intended returning to this coast."

At this point the case was placed in the hands of detectives.

They questioned his intention of returning to the coast and watched this port for his presence on any out-going steamers, but in vain. Finally, armed with a photograph, a detective started searching Chinese dwellings on Post street, and succeeded in locating Lee at his residence. He was taken into custody, brought to this city and identified by Lu Sun Fu and Wong Fu.

It is stated by friends of Lee on Post street that, about the time the detectives supposed he went to Detroit, he told them he was ill and was going into a hospital.

Since his apprehension Lee has remained reticent regarding the whole transaction, only replying to most innocent questions put to him. He refused to tell the source of \$5200 in paper money and small coins, which he carried on his person, wrapped up in a silk handkerchief, when he was arrested. He declares he mortgaged the pictures to Freer for \$5200 and that he has sent a portion of this to bankers in Kobe for his wife.

## MOTORCYCLE THIEF IS

GIVEN LONG SENTENCE

James W. Fisher, who pleaded guilty to having stolen a number of motorcycles and automobiles, was sentenced to serve four years in Prison by Judge J. O. Moncur of Plumas county, sitting for Judge Ogden of the criminal department of the Superior Court today. Fisher admitted that he be granted leniency, but this was denied, as he served a prior term in prison for a similar offense. He has a wife and two children living in Los Angeles.

Edward H. Howard, was branded a chronic petty larcenist, by Judge Moncur when he pleaded guilty to a series of minor thefts and admitted having served three previous terms in the San Francisco and Sacramento county jails for similar offenses. He was sentenced to a one-year term in San Quentin. Howard was one of several men who two months ago visited hundreds of homes in the city and secured varying amounts from housewives whom they told that they represented express companies and that "collect on delivery" packages awaited them at their offices.

He had just arrived from Nice. He spent two nights and one day in prison, then was taken before the chief of police, who informed him that he would be expelled from Italy. He chose to go to Switzerland and was conducted to Chiasso. Montagnier asserts that he lived for five years at San Remo. The reason for his arrest, he says, he has not yet been able to fathom. ## SEEK REOPENING OF PLAYGROUND

Mass Meeting Called by Residents Near Cole Street School.

For the purpose of devising ways and means to reopen the Cole street public playground a committee of citizens from that neighborhood have called a public mass meeting to be held next Monday evening, October 4, at the Cole school. Use of the school for the gathering was granted by the board of education.

The committee, one of whom will probably be elected to preside over the discussion, includes the following:

Rev. C. N. Thomas, 377 Magnolia street; Mrs. Della E. Watson, 515 Adeline street; Mrs. J. H. Smith, 1115 Adeline street; W. Bassett, Tenth and Union streets; G. Magerstadt, 545 Kirkland street; George W. Sherrin, 1170 Tenth street; R. E. Taylor, 903 Poplar street; Dr. A. C. Norr, 1107 Chestnut street; Mrs. Murphy, 1339 Eighth street; W. R. Sibbett, 214 Chestnut street; Dr. M. E. Purcell, 743 Adeline street.

Rev. C. N. Thomas, pastor of the Union Street Presbyterian Church, commenced the closing of the playground as follows:

"The average attendance at our Cole street school playground during the past year was nine to ten per day. The expense for a playground supervisor is only \$20 per month. This is a small sum for the benefit of the children. The purpose of a number of citizens in calling this public meeting is to devise means to open the playground at once. It is a recognized fact that school playgrounds provide an excellent place for the proper child development, if properly supervised. It is also an undeniable fact that where there are proper playgrounds there are less lawless than if compelled to play on the streets without direction."

"We believe we can arrange some program in which we can benefit the recreation square in the immediate future."

### BUFFALO GETS CONVENTION.

**SAN FRANCISCO, Oct. 1.**—Buffalo was named today for the 1915 convention of the Master Brewers' Association. Representatives of three cities under consideration reviewed actual procedure in conventions, urging that the convention be given to some other city. They said the expense, from \$5000 to \$20,000, for each convention, was greater than the honor.

### AUTOS IN COLLISION.

**B. De Lucia, 510 Telegraph avenue, and W. E. Whittier, 5535 Grove street, narrowly escaped injury when the automobile they were driving collided at Dover and Fifty-eighth streets. Both machines were badly damaged.**

## ALAMEDA BANKER SUED BY WOMAN

Mrs. Johanna Suennen Says S. E. Biddle Misrepresented in Stock Deal.

**S. E. Biddle, vice-president of the Citizens' Bank of Alameda, one of the most prominent business men on the east side of the bay, was made the defendant today in a suit filed in the Superior Court by Mrs. Johanna E. Suennen of Alameda, who accuses him of having made false representations to her to induce her to purchase stock in which he was interested, without her knowledge and on the sale of which he was paid a commission.**

She says that Biddle by made to pay her the sum of \$7750, the amount she invested in stock of the Fidelity Loan and Mortgage Company.

According to allegations in the complaint, Biddle in April, 1913, was given a bonus of 10.6-6 shares of the newly-organized corporation for the use of his name as one of the directors of the company. His name was printed on the circular and prospectus issued by the company, which set out on a stock-selling campaign.

Biddle, Mrs. Suennen says, was her financial adviser. She depended upon him whenever she made a financial venture, she says. She declares that he placed her name in a list which he furnished to the promoters of the loan and mortgage company, as that of a prospective stock purchaser. Agents of the company visited her, she said. She asked Biddle's opinion of the stock in question.

Mrs. Suennen alleges that Biddle told her that he had invested \$10,000 of his own money in the stock of the company, and that he believed it to be one of the best investments which she could make. In this manner, she complains, he induced her to invest \$2220, buying shares at \$1 each and later discovering, she avers, that they were worth but ten cents each. She declares that Biddle misrepresented the fact that he had not paid for his 10,000 shares, and further alleges that he was given a ten per cent commission on the money which she paid for her stock.

live, and did not cover the positive motion picture film, which were dealt in commercially. This point had been raised by the government. Reference to the bath two case was made in the finding, which said in part:

"We would feel constrained on the authority of this case alone to find that the agreements and acts of the defendants in the present case went far beyond what was necessary to protect the use of patents or the monopoly which went with them. It cannot be that the grant of patent right confers a license to do that which the law condemns."

### "INDEPENDENTS" ELATED.

**LOS ANGELES, Oct. 1.**—Heads of independent motion picture companies here were elated today by the news that the United States District Court at Philadelphia had rendered a decision adverse to the Motion Picture Patents Company, familiarly known in filmdom as the "trust." The effect of the decision, it was declared, would be to open the first time a free market to producers of picture plays.

The Motion Picture Patents and its selling agents, the General Film Company, are represented here by five producing concerns, operating scores of separate companies, and the "independents" by four central organizations, with large staffs of actors, directors and technicians.

Officials of the Universal Film Company declared today that the fight which culminated today in the judicial decision began more than 12 years ago, when Carl Laemmle attempted to market films.

They said that the "trust" companies, which included a number of European concerns, owned various cameras and projecting devices, patents on which enabled them to control the markets for film productions. Today's decision, they declared, swept away this advantage and made it possible for the independents freely to market their products without the dictation of the patents organization.

### SEEK RUNAWAY BOY.

**WASHINGTON, Oct. 1.**—Laying Associated Press. One of the new National NEW YORK, Oct. 1.—The eighth annual encampment of the G. A. R. in Arlington Cemetery, which was the feature of today's program at the Grand Army encampment was postponed because of a driving rain which enveloped the city.

President Wilson, who was to have held the corner-stone, held himself in readiness to go despite the down-pour.

The most important exercise in the G. A. R. encampment today was the election of officers.

Elias R. Montfort of Cincinnati, O., was elected commander-in-chief, and three candidates were nominated. They were Frank O. O. Coloe of Jersey City, N. J., William M. Patterson of Pittsburgh, and Captain Montfort of Cincinnati, O.

Commander-in-chief and the new commander-in-chief were unanimously elected. The new commander-in-chief was formerly a master at Cincinnati.

## John D. Jr., Prepares Plan for Conference

**DENVER, Oct. 1.**—With his industrial plan completed, John D. Rockefeller Jr. today was preparing for a conference at Pueblo tomorrow at which the project will be submitted to the officers of the Colorado Fuel and Iron Company, the superintendents of the company's mines and the grievance representatives elected by the miners at each camp. In the meantime Rockefeller maintained silence as to the provisions of his industrial plan.

In a statement last night, the mine owner characterized his suggestion for settling the relations between labor and capital as "broader and more democratic than unionism," because it benefited all classes of workmen whether belonging to unions or not.

## IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota.—"I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. P. W. LANSING, Box 8, Allen, Wash.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

# CROCKER NEPHEW AIDS RELIEF WORK

W. H. Sperry Writes From the War Zone, Graphically Describing Terrors.

SAN FRANCISCO, Oct. 1.—After viewing the horrors of the war as an associate of Herbert C. Hoover of San Francisco, leader of relief work in Europe, William H. Sperry, well known magazine writer, the son of Mr. and Mrs. George H. Sperry of this city, and nephew of William H. Crocker, has sent home a graphic word picture of the conflict's terrors.

This letter, received here today, was written to an old friend, George B. Ewing, of the United States Steel Products Company.

Sperry enclosed in his letter a sample of paper money worth 20 centimes (four cents), which he says is being issued in that part of France behind the German lines, where the supply of coin has given out.

Sperry, who for years has contributed short stories to popular American magazines, left here for Europe last fall to gather local color. At the scene of fighting he found himself hampered by military authorities and ceased his work.

His notes finally were seized and destroyed.

In the meantime he associated with Herbert C. Hoover and became actively engaged in the work of the Commission for Relief in Belgium. He first was stationed at Louvain and put in charge of a district of 1,000,000 people, handling disbursements of \$6,000 a month.

**DECORATED FOR SERVICE.**

When he was transferred the district council at Louvain decorated him for his services and presented him with an engraved testimonial. He now is in charge of relief work at Lille in northern France.

Sperry's letter follows in part:

Dear George: What are all the rest of you Americans doing these days—drawing up another note to Germany? I am glad I am not there. I like Europe much better than the United States, in fact I would like to live in Belgium always—I am such a child of fate, I don't suppose it will be possible.

However, in the years to come, I know that no matter where I am I will always look back on Belgium as the "cleaner, greener land."

I came out last Saturday for a three weeks' vacation for my health. The trouble is mostly mental depression, the result of seeing so much misery, oppression and suffering. However, I am going to cut my vacation short and return to the north of France Monday, after a nine-days' vacation. Can't help it.

**RESTLESS AS PUP.**

I am as restless as a pup in flea time and must get back where I can smell all of the world's troubles. The way and hear the forty-two C's pounding away at the Arras citadel in the rush of the twilight, and be awakened by the drumming of a machine gun, or sharp explosions of the anti-air-craft gun, whanging away at some early morning visitor in the clouds.

I suppose you would like to ask me "who do you think is going to win the war?"

I don't know.

Come around this time next year and perhaps I will have formed an opinion. It is going to last a long time. The Germans have plenty of men, plenty of ammunition, and as far as one can see, plenty of money.

Also, the Germans have plenty of food. If anyone tells you that Germany is short of copper or gasoline is getting scarce, head them not.

## STOPS SHERIFF FROM SELLING HER PROPERTY

RED BLUFF, Oct. 1.—Holding a deed took effect when executed and filed, Judge Ellison has decided in favor of Mrs. Anna Vandergrift, who petitioned for an order restraining Sheriff Jud W. Boyd from selling property he had attached to satisfy the judgment rendered in the case of Davis against Shook.

O. W. Davis of Corning last October brought action against J. E. Shook, father of Mrs. Vandergrift, to recover damages for the alienation of his wife's affection. Judgment was rendered in favor of Davis and to satisfy this judgment Sheriff Boyd attached a lot in the Maywood colony, near Corning.

Mrs. Vandergrift in her complaint alleged the lot had been ceded to her by her father, J. E. Shook, in 1907, before her marriage, but was not recorded until last October.

## RURAL CREDIT SYSTEM ENDORSED BY WITNESSES

SACRAMENTO, Oct. 1.—Strong endorsement of the rural credit system proposed in this state was given by witnesses before the State Rural Credits and Agriculture Commission, C. F. Dillman, banker; J. L. Nagle and F. B. McLean, fruit men, and B. F. Walton, retired rancher emphasized the need of state aid for small farmers. Dillman said such a system would benefit, rather than injure bankers. It was estimated \$900 in cash was needed for a man on a small acreage to meet operating and living expenses in a year.

Dillman believed the land should be given to a small farmer if he could raise this much money each year for three years.

## MOTORCYCLIST JAILED FOR BEING INTOXICATED

CHICO, Oct. 1.—Following his plea of guilty to driving a motorcycle while in an intoxicated condition, Clarence Emery of this city was sentenced by Justice Barnes to serve twenty days in the county jail at Oroville. Emery is the first man in Chico who has ever received a jail sentence for a similar offense.

Emery was arrested by Police Officer Arthur Light on a complaint sworn to by Dr. A. R. Waters, who, with his son, was run down and slightly injured by Emery's motorcycle on the Esplanade last Wednesday.

NON-PARTISAN  
CAMPAIGN  
OUTLINEDRepublicans Organize to Oppose  
"No Party" Bills; Con-  
ference to Be Held.

Be it resolved, by the Republi-  
can central committee of Alameda  
county, that it be the policy of  
this committee to be pre-  
sented for adoption by the electors  
of this county on the 26th of  
October, 1915, two so-called non-  
partisan bills, the effect of which,  
if accepted, would be to abolish  
political parties within the state  
of California, so far as state legis-  
lation can affect the same; and,  
Whereas, the best results in  
government are always accom-  
plished through the existence of  
political parties; and,  
Whereas, the right to organize  
and act as a political party is in-  
herent under our form of govern-  
ment and we believe that such  
laws, if enacted, would simply re-  
sult in a chaotic condition of our  
political and legislative affairs;  
be it therefore

Resolved, That we are unalter-  
ably opposed to the adoption of  
the so-called non-partisan meas-  
ures and call on all fair-minded  
electors of the state to voice their  
protest by defeating the same in  
the election of October 26 next.  
CLINTON G. DODGE, Chairman.  
W. A. SEABORN, Secretary.

(Resolutions passed by the Alameda  
County Republican Central Com-  
mittee, opposing the non-partisan law.)  
OUTLINE CAMPAIGN.  
Outlining plans for a general con-  
ference with the Jefferson Club and  
Democratic organizations rallying to-  
gether under a general cause, the de-  
feat of the so-called non-partisan  
measures coming up on October 26  
for referendum vote members of the  
Alameda County Republican Central  
Committee met last night in the of-  
fices of P. J. Crosby.

A resolution setting the committee  
on record as unalterably opposed to  
it was followed by the appointment  
of delegates to the Jefferson Club  
meeting of tonight. When plans will  
be made for a grand mass-meeting at  
which prominent speakers will ap-  
pear to show the parties' side of the  
issue and urge the voters to refrain  
from supporting the proposed legisla-  
tion.

"This is a one-man movement,"  
said Chairman Clinton G. Dodge. "As  
far as I can see no one but Governor  
Johnson seems to want it. He forced  
it through the legislature and now is  
seeking the support of the people for  
the plan."

CONFRONT WITH DEMOCRATS.  
"Johnson says," declared Charles  
Metcalf, "that even if the referendum  
defeats his law the new registration  
law will refuse to register by political  
parties."

"That is a little more of the John-  
son bull," said Dodge.

"I heard Johnson speak here," said  
P. J. Crosby. "There was not as much  
enthusiasm as I had expected from  
Johnson supporters. They don't like  
the proposition, but we had better  
keep up the campaign anyhow. Let  
us at least have one big meeting."

Chairman Dodge appointed as the  
committee to confer with the Demo-  
crats the following: P. J. Crosby  
(chairman), Louis Aber and R. Wal-  
head. The committee will meet to-  
night at 8 o'clock in the offices of  
Judge William J. Hayes.

Not Strong Who Pick Fight  
Admiral Replies to Pastor

BERKELEY, Oct. 1.—Rear Ad-  
miral Charles F. Pond, U. S. N.,  
has written to Congress-man J.  
Arthur Eaton of this city a letter  
in which he deals with a criticism  
of the Congress-man's recent ad-  
dress in behalf of better military  
and naval protection for this coun-  
try, made by Rev. Edward Lamb  
Parsons of Berkeley.

"I hope that Mr. Parsons' let-  
ter," he says, "or any others that  
you may receive of a similar tenor  
will not prevent you from doing  
your duty."

Rear Admiral Pond's home until  
recently was in this city. He was  
then transferred by Washington  
to the Bremerton yards, his pre-  
sent headquarters, as commander  
of the Pacific reserve fleet, with

the South Dakota as flagship. He  
writes to part.

"It appears to me that the fal-  
lacy of Mr. Parsons' argument is  
clearly shown in the statement:  
'No argument gave security until  
you are stronger than any poten-  
tial enemy; and by the time you  
reach that point every one hates  
you.' Why hate? And if strength  
does generate hatred in some one  
else, why should every one be so  
obsessed? Does the sight of a  
strong man, conscious though he  
may be in every action of his own  
strength, generate hatred on the  
part of the weaker?"

"Who is the man prone to pick  
a quarrel? It is not the strong  
man. The quarrelsome man is al-  
most invariably the weak, fearful,  
insecure individual, fearful of his  
strength, but possessed of a morbid  
imagination."

BLUE BLOODS  
OF HORSEDOM  
AT FAIR

SAN FRANCISCO, Oct. 1.—Aristocracy  
in horsemanship was shown today at the  
horse show. Noted experts passed on the  
famous horses at the biggest exhibit of  
equines ever held in San Francisco, the  
judges being busy in their work of award-  
ing prizes until fully noon. California  
horses won blue ribbons in many cases  
ahead of eastern steeds. Rivalry was  
keen and excitement was intense.

The afternoon's activities opened with  
prize riding by cavalry troopers. The  
afternoon program, however, was a dis-  
play of the polo field and as business  
men, polo ponies, five gaited horses and  
horses, jumpers and race horses, in one  
thrilling event after the other, at the  
afternoon program. Yesterday's parade  
was lavish, but today's program was even  
more interesting.

BRILLIANT TRIUMPH.  
The parade was a brilliant triumph for  
Champion Jack Barrymore, the noted  
trainer of Mrs. E. B. Thornberry of  
Los Angeles. This horse was awarded the  
parade blue ribbon, beating Mrs. E.  
D. Moore's "Johnnie Jones" and Don  
Castana, the horse owned by the  
Army, who performed at the show  
yesterday, a number of special events be-  
ing staged with government horses. The  
mounted police race proved a disap-  
pointment, but the "Monkey Drill" by  
the First Cavalry from Monterey, which  
followed, made up for this. This will be  
repeated during the show.

Society was out en masse again today.  
Yesterday saw every box filled with  
celebrities from all parts of the world, these  
planning continuous attendance through-  
out the show.

SOCIETY IN ATTENDANCE.  
Society leaders were among the  
thousands of persons witnessing  
Belgian, thoroughbred, Hackney and  
Standard poodle classes took place this  
morning, while the performance classes  
are being judged in the afternoon. A  
thrilling event, the "Monkey Drill" by  
the First Cavalry from Monterey, which  
followed, made up for this. This will be  
repeated during the show.

Some of the keenest comments on the  
horses came from the boxes where fair  
squeamishness of the smart set passed  
their criticisms. Most of the riding set  
of Burlingame were present and a number  
of well-known Oakland and Alameda  
visitors were among the spectators. It was  
an interesting and brilliant assemblage  
that greeted the first open air horse  
show held in California.

Mr. and Mrs. Charles Butters of Clare-  
mont occupied a box with several guests,  
among them Mrs. Charles Cobb of Wash-  
ington, D. C., Miss Violet Buckley and  
Miss Lola Crosby. Mrs. Butters was  
very stunning in a gown of some soft  
silk material in the new shade called  
crown's wing blue, with white fox fur  
and a black velvet hat.

Mrs. Henry T. Scott and her guest,  
Mrs. Wendell Baker of New York were  
with Mr. and Mrs. George Pope. Mrs.  
Scott was very "tailored" looking in a  
dark cloth overcoat and black hat. Mrs.  
Baker was in brown cloth with a coat  
of civet cat fur and a small turban. Mrs.  
Pope's suit was of putty color cloth and  
her hat was a bright cerise velvet affair,  
quite high.

Mrs. Rhoebe Hearst entertained several  
friends, among them Mrs. Joseph Flint,  
Mrs. Annan Griswold and Miss Harriet  
Bradford. Mrs. Hearst wore her favor-  
ite violet color with a small bouffant  
hat. Mrs. Flint wore a black velvet  
and Miss Mary Patton of Washington.

With Mr. and Mrs. J. H. De Young  
were Miss Phyllis De Young, just re-  
turned from a summer in Newport, and

land in some months. The ves-

Polo Players Will  
Train for Cavalry

SAN FRANCISCO, Oct. 1.—The whirl-  
wind rush and skillful maneuvering  
of the polo field will stand 33 society men  
here in good stead as they prepare  
for the polo field and as business  
men, polo ponies, five gaited horses and  
horses, jumpers and race horses, in one  
thrilling event after the other, at the  
afternoon program. Yesterday's parade  
was lavish, but today's program was even  
more interesting.

Tooth Gone, Can't  
Toot; Given \$250

RICHMOND, Oct. 1.—Louis Persico,  
well known pugilist, was today in  
must pay Johnny Tossaint, 14 years  
old, the sum of \$250 for knocking out  
one of his teeth. Tossaint, who was  
in a dispute over the payment of a  
month's subscription, Persico lost a  
tooth in the local justice court today in  
which the sum of \$250.50 was asked by  
Judge W. F. Huber of Stege, acting as  
Persico's attorney.

Persico claimed that the boy at-  
tempted to overcharge him and was  
sassy and that he slapped the youngster  
in the mouth. The youth, however, pro-  
ceeded to the court, where he was  
arrested and on his pleading guilty  
to battery was fined \$25 in the police  
court. Attorney Huber contended that  
the loss of a tooth prevented the young-  
ster from continuing his studies as a  
corner player and that the attack was  
unprovoked.

Mr. and Mrs. George Cameron, with oth-  
ers, Mrs. Cameron wore a tailor suit of  
silk and a velvet tam o'shanter  
hat. Mr. and Mrs. Robert Hayes Smith  
and with them Miss Anne Peters, Com-  
mander Clark Woodward and several  
Eastern friends.

Mr. and Mrs. Edgar De Pue and Miss  
Giv. De Pue had guests in their box and  
Mr. and Mrs. Frank Grace also had a box  
party. Mrs. Grace wore a cloth dress  
in an color, dark fox fur and a black vel-  
vet hat. Mrs. John McMullin's guests  
were Mr. and Mrs. John H. Hayes, Ed-  
ward Pierce, John McMullin and  
Edward Pearce and Robert Warfield of  
Kentucky.

William C. Bialston, the former  
Miss Grayson of Oakland, who rode in  
the horse show, won many compliments  
for her equestrian and her smart ap-  
pearance. She wore the very latest in  
riding togs and the severe costume was  
very becoming.

CITIES WIPED  
OFF MAP BY  
STORMRigolets and Dunbar Are De-  
stroyed; New Orleans  
Dead, 19.

By Associated Press.  
BATON ROUGE, La., Oct. 1.—  
The death list resulting from the  
hurricane which swept New Or-  
leans, its vicinity and the Missis-  
sippi gulf coast Wednesday now  
is expected to reach sixty-five or  
seventy. Property damage, ac-  
cording to the latest estimates,  
will mount into the millions. The  
losses, so far as now known, are  
distributed as follows:

New Orleans—Nineteen dead,  
200 injured; property loss more  
than \$2,000,000.  
Mississippi coast—Thirteen  
dead, scores injured or missing;  
property loss estimated at  
\$2,000,000.

Premier Lake—Twenty-five dead,  
about twenty injured; heavy  
damage to railroads.  
By Associated Press.  
NASHVILLE, Oct. 1.—According  
to railroad officials here, persons who  
visited Rigolets and Dunbar, La., a few miles  
from Mobile in a boat yesterday reported  
that both towns had practically been  
wiped off the map by the gulf storm.

19 DEAD AT NEW ORLEANS.  
By Associated Press.  
NEW ORLEANS, Oct. 1, by courier to  
Baton Rouge.—Nineteen known dead,  
probably 200 injured and damage to build-  
ings, wire circuits, railroads, shipping  
and other property in New Orleans and  
vicinity estimated at several million dol-  
lars was the toll exacted by the hurri-  
cane. These figures were compiled here  
today. Of the known dead 10 were  
whites and 9 were negroes.

Heavy property losses and possibly  
many casualties in Southern Louisiana  
is feared.

Fears are felt for the safety of res-  
idents along both banks of the Mississippi  
south of here.

Captain Menges and three members  
of the crew of the tug Corsair were  
drowned in the Mississippi off the Nine  
Mile Point. Two hundred barges loaded  
with coal valued at \$1,500,000 sunk in the  
storm.

Mayor Behrman today issued a state-  
ment declaring the city had no need of  
outside assistance. He believed the prop-  
erty loss would reach several million dol-  
lars.

Direct communication will be impos-  
sible for several days. The cotton and  
other exchanges remained closed to-  
day.

Meat Eating Poultry  
Defeats Vegetarians

BERKELEY, Oct. 1.—Vegetarian  
hens are not the equal to their meat  
eating brethren, according to experi-  
ments recently completed by J. E.  
Dougherty, associate professor of poul-  
try husbandry at the University Farm  
at Davis. Dougherty's tests covered 2  
periods of two years, during which time  
he experimented with all forms of diet  
and conditions.

Hens were taken which showed a ten-  
dency toward a vegetarian diet and  
others were taken with a liking for meat  
and fish. From time to time the eggs  
of each class were tested and egg laying  
contests held. The first year resulted  
in a triumph for the meat eaters and  
the second was a still greater victory.

Back John Boecher to  
Face Girl Accuser.

SAN JOSE, Oct. 1.—Officers were  
sent East today for John Boecher,  
who has been placed under arrest in  
New York City and who is alleged to  
have left a string of heart-broken  
women with aspersions cast on ac-  
counts, on the Pacific coast from San  
Jose to San Diego. Boecher was in-  
dicted by the Santa Clara county  
grand jury on a charge of having  
obtained \$660 by trick and device  
from Miss Leila Reyland, a pretty  
maid at the Hotel Vendome.

The man has been sought by Sher-  
iff Langford since March of last year,  
when it is alleged, he hastily left  
the Vendome, where he and Miss  
Reyland had both been employed. It  
is claimed that the man gained the  
girl's confidence, obtained her prom-  
ise to marry him and then obtained  
possession of her entire bank ac-  
count.

Boecher is a handsome man, about  
32 years of age and professed to be  
a graduate of the University of Glas-  
gow, Scotland. Sheriff Langford

have victimized a hotel maid at the

Koreans Training to  
Drive Out Japanese

SEATTLE, Wash., Oct. 1.—Koreans in  
Hawaii are training with wooden guns in  
the hope of being able to free Korea from  
Japan, according to Miss Sadie E. Bar-  
rett, a missionary to Hawaii, who ad-  
dressed the national convention of the  
Woman's Home Missionary Society of the  
Methodist Episcopal Church here.

"One of the greatest difficulties we  
have," said Miss Barrett, "is to keep  
peace between the little Korean and Ja-  
panese girls. There is a feeling of bitter-  
ness between them which sometimes  
causes trouble between their elders."

The Koreans are striving for military  
power, although at present they are  
training with wooden guns and hope to  
free Korea from Japan."

# IF BACK HURTS TAKE SALTS TO FLUSH KIDNEYS

Says Backache Is Sure Sign  
You Have Been Eating  
Too Much Meat.

Uric Acid in Meat Clogs Kid-  
neys and Irritates the  
Bladder.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take one or two in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive, makes a delightful effervescent lithia water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble, while it is only trouble. —Advertisement.

# SOCIETY WILL SHOW ITS FINERY BIG DISPLAY TO BE UNIQUE ONE

MEMBERS OF THE SMART SET WHO WILL POSE IN FASHION SHOW TOMORROW EVENING: LEFT, MRS. EDWARD HOWARD; CENTER, MISS HELEN GOODALL; RIGHT, MISS PHYLIS LOVELL. —Photos by Fraser.

One of the most interesting charity events given in California will be the Fashion Show at the Oakland tomorrow afternoon and evening, when women of the smart set will display the latest fashions in the manner of professional models. It will be the first Fashion Show to be given in the West and society across the bay is taking a keen interest in the details. The show is planned on lines of the show given in Newport in the summer, when the garden of Mrs. Hermann Oelrichs' villa formed the setting for a brilliant affair.

One end of the Ivory ballroom at the Hotel Oakland will be converted into a garden for tomorrow afternoon and evening. The white pillars will be hidden by verdant branches to make a very effective sequoia, and a background of palms and flowering plants will be introduced. Through this garden scene

the belles and matrons of society will pass arrayed in the gorgeous evening costumes, smart tailored suits, fascinating negligees and fetching afternoon gowns, in the newest modes, most of them in advance styles for the winter and spring. There will be sports costumes as well, and an attractive bridal group, which will include Mrs. James McCandless (Marian Rodolph) in her wedding gown, with her bridesmaids, Miss Helen Goodall, Miss Suzanne Greenwood, Miss Elmore Earl and Miss Katherine Crullin, in the costumes they wore at her wedding, with Miss Helen Rodolph as maid of honor.

TO DISPLAY F.R.S. Mrs. Edward Howard will be in the group of well known matrons who will wear afternoon gowns and furs. Mrs. Herbert Hamilton Brown, Mrs. Charles Gilman, Mrs. Charles Tripler Hutchinson, Mrs. George Greenwood, Mrs. Walton Moore and Mrs. Robert Newell, with Miss Dorothy Caswell, Miss Carolyn Ghirardelli and Miss Winifred Braden will be in this group.

From 2:15 to 4:15 in the afternoon the juvenile set of society will be "on parade" and the afternoon show will be largely attended. The evening display will be from 8 to 10 o'clock. Other groups in the series of tableaux will be as follows:

Outing costume—Mrs. Clynton Walker, Mrs. Jack Valentine, Mrs. Carl Gardner, Mrs. L. R. Webster, Miss Marjorie Moon, Miss Elva Ghirardelli, Mrs. Warren Harold.

Sporting clothes—Riding, Miss Elizabeth Moore and Mrs. William Cavalieri; polo, Mrs. Ashley Pauli, hunting, Miss Lorna Williamson; golf, Miss Mildred Alden; tennis, Miss Dorothy Taylor.

Tailored costumes—Mrs. George Wilhelm, Mrs. William Thornton White, Mrs. Harry East Miller, Mrs. Kenneth Lowden. Evening gowns—Mrs. Frank Proctor, Mrs. Harry Knowles, Mrs. William Williamson, Mrs. Wickham Havens, Mrs. William de Fremery, Mrs. Fred Sherman, Mrs. Irving Lundborg, Mrs. William Edie, Mrs. Percy Walker, Miss Lilla Nelson, Miss Phyllis Lovell, Miss Marion Kergan, Miss Frances Redman, Miss Kathryn Maxwell, Miss Philena Wetmore, Miss Alice Palmer, Miss Georgia Creed.

Special costumes—Colonial, Mrs. D. E. Easterbrook; Napoleonic period, Mrs. Frank C. Havens; Persian costume, Madame Ah Kih Khan.

INFORMAL DINNERS PLANNED. Proceeding the evening show there will be a number of informal dinner parties at the Oakland, and later many are planning to remain for dancing and supper.

Among those who have reserved tables are Mrs. J. P. H. Dunn, Mr. and Mrs. Thomas Watson Cushing, Mr. and Mrs. Harry Meek, Mr. and Mrs. Wallace Alexander, Mr. and Mrs. Charles Butters, Mr. and Mrs. Joseph Anderson Chanslor, Mrs. J. R. ## PREDICTS PUBLIC PHONE CONTROL

Government Ownership Will Follow Divergent Rates, Says Expert.

By Associated Press.

SEATTLE, Wash., Oct. 1.—Prediction that government ownership of telephones will come unless regulation speedily remedies the wide divergence of rates prevailing in many parts of the country is made in a report prepared by Charles A. Reynolds, chairman of the Washington State Public Service Commission. The report was prepared for submission to the convention of the National Association of Railroad Commissioners, which meets at San Francisco next month. A majority of the committee on telephones and telegraphs, of which Mr. Reynolds is chairman, approved the report.

In giving out the report today Mr. Reynolds made public the replies received from federal and state officials and other men of national prominence, who were asked for an opinion on government ownership. The governors of South Dakota and North Carolina favored government ownership, while the governors of New Hampshire, Rhode Island, Minnesota, Wisconsin, North Dakota and Wyoming favored regulation. The governors of other states declined to go on record.

Vice-President Thomas R. Marshall replied that he was opposed to the principle of government ownership, and Charles W. Elliot, president emeritus of Harvard, favored regulation. Samuel Gompers, president of the American Federation of Labor, wrote that union labor believed in government ownership. Newton Carlton, president of the Western Union Telegraph Company, replied that through proper regulation the people enjoyed the combined advantages of public and private ownership without the evils of either.

**POLICE BAND ARRIVES.**  
SAN FRANCISCO, Oct. 1.—Resplendent in elaborate uniforms, the members of the police band of Seattle, Washington, arrived today on the steamer President. Enroute to their hotel they played martial airs and were greeted along the way with much applause. They are to take part in the Seattle Day celebration at the Exposition.

Broker Puts Flowers on Grave of Former Sweetheart, Then Kills Self.

By Associated Press.

HASTINGS-ON-THE-HUDSON, N. Y., Oct. 1.—After placing a bunch of white carnations upon the grave of Mrs. Lucy Simmonds in a local cemetery today, Maximilian Schmitz, a member of the New York Cotton Exchange, committed suicide there by shooting himself.

Schmitz was the son of Paul Schmitz, a wealthy cotton broker of Bremen, Germany, and came to this country several years ago. Mrs. Simmonds, who was the wife of G. Watson Simmonds, an insurance broker of New York, died last January.

Mrs. Simmonds before her marriage was Miss Lucy Caskin, a daughter of General Theodore Caskin of the Confederate Army, and on her mother's side a granddaughter of General Pickett.

Friends of Schmitz said he and Miss Caskin became engaged in Berlin about eight years ago, but that the engagement was broken soon after Miss Caskin returned to the United States.

Pretty Girls in Cast of Play to Sell Papers for Charity Fund.

A big boost for "The College Hero," the big benefit play which will be given on Monday, Wednesday and Friday nights, October 2, 4 and 6, at the Municipal Auditorium opera house, will be given tomorrow when "College Hero" day will be observed in the eastbay cities. Many of the pretty girls who will appear in the cast of 500 will sell "The College Hero" special edition of The Tribune, the proceeds to go into the building fund of the Oakland New Century Club Settlement Association, for which organization "The College Hero" will be given. Automobiles will carry "College Hero" pennants and "College Hero" posters will be placed in all the downtown store windows.

The benefit play has aroused great interest throughout the eastbay region, and society women, leaders in charity organizations, the merchants and others are preparing to give a big boost to the strenuous rehearsals have been held for more than a month and included in the long list of performers are many of the best known thespians, singers and dancers in the entire bay region. Leading the augmented orchestra of 20 musicians will be August Hinrichs, the well-known leader.

Beginning early tomorrow morning, at blowing of the first whistles, stage hands, electricians and carpenters will go to work upon and back of the stage of the opera house, transforming the stage into a vast football field. Following this work a full dress rehearsal will be held tomorrow night. The augmented orchestra rehearsed at 9 o'clock this morning and the first stage rehearsal will be held at 9 o'clock tonight.

**DRESS REHEARSAL.**  
At the dress rehearsal to be held tomorrow evening the performers will appear in full costume, with all the scenery put in place and the orchestra present.

Every member of the large cast has been working hard and "The College Hero" promises to be the most spectacular play of the kind ever given in Oakland. Among the many women who have been working for its success are Mrs. John Newton Porter and Mrs. Henry Weatherbee.

## General Kuropatkin to Command Grenadiers

By Associated Press.

LONDON, Oct. 1.—General Alexei Kuropatkin has been appointed chief of the Russian Grenadier Corps, according to a Renter dispatch from Petrograd.

When Emperor Nicholas assumed supreme command of the Russian military forces in succession to Grand Duke Nicholas, it was reported from Berlin that the actual control of the army had been placed in the experienced hands of General Kuropatkin and General Polivanoff, minister of war.

If the report from Petrograd regarding General Kuropatkin is true, it means a somewhat remarkable reversal of public opinion in Russia regarding a military leader who was disgraced for the failure of Russian arms in the war with Japan.

## YOUNG AVIATOR THRILLS OAKLAND

Joe Boquel Does Unheralded Loops Over Lake This Morning.

Looping-the-loop sideways and whirling in queer corkscrew curves after a straight drop of 500 feet, Joe Boquel, aviator, held pedestrians in Oakland breathless today when he performed one of the most hair-raising aeroplane feats ever accomplished. The remarkable aerial tricks were performed at a height of more than 6000 feet over The Tribune office.

Boquel left his hangar at Alameda shortly after 10 o'clock this morning, climbing in ascending spirals to a great height, his machine appearing almost a speck in the sky when he started the "loop." Dropping quickly, after the fashion of the late Lincoln Beachey, the daring aviator then swerved sideways, making a loop from side to side as the machine whirled over.

Apparently beyond control, the machine stood perpendicular in the air for an instant and then dropped swiftly. As it neared the earth it suddenly swerved and a series of corkscrew curves resulted, gradually widening, until the machine suddenly righted itself and hastened back to the Alameda marsh. The flight was one of the most sensational ever made in California.

The young aviator has only flown for a year. He learned his hazardous art from Christofferson, and has flown in Redding, where he performed sensational feats, and in several other cities.
